An empty gray cell masks an inherited pink fill

Column B uses XF 51 (pink). Cell B31 uses XF 98 (gray).

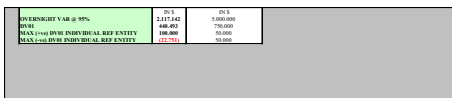

Original

```
<c r="B31" s="98"/>
```

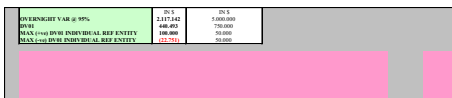

SheetShrink Default

```
<c r="B31" s="98"/>
```

Excel Check Performance

```
<!-- B31 removed -->
```

PL-Consolidated!A25:H37, vector export after full rebuild. Original and Default match pixel-for-pixel here. Removing the empty gray cells exposes the inherited pink background.
